PROFESSIONAL EXPERIENCE

RANDSTAD CANADA – TORONTO, ON | OCTOBER 2022 TO APRIL 2026

Customer Service & Benefits Support (Remote)

- Delivered remote support for employees navigating health, retirement, and insurance benefits.
- Provided technical troubleshooting for digital HR platforms, resolving login issues, system errors, and access problems.
- Guided users through online enrolment and benefits navigation with clear, empathetic communication.
- Ensured data accuracy, confidentiality, and secure handling of sensitive information.
- Worked in emergency response and community fundraising, supporting diverse populations.
- Used CRM and call-center systems to document cases, resolve issues, and meet KPIs.
- Demonstrated resilience and professionalism in high-pressure, fast-paced environments.

BESTBUY CANADA – OTTAWA, ON | JULY 2023 TO JANUARY 2025

Senior Computer Advisor

- Provided technical consulting, training, and support for Microsoft products and cloud solutions.
- Assessed client needs, coordinated solutions, and improved service delivery.
- Led troubleshooting, system assessments, and user training to enhance digital capability.
- Collaborated with cross-functional teams to deliver customized solutions.
- Strengthened planning, communication, and stakeholder engagement skills.

TORONTO & OTTAWA INTERNATIONAL AIRPORTS – ON | DEC 2018 TO JUNE 2023

Customer Service Agent

- Assisted passengers with check-in process, documentation, and travel support.
- Managed escalations, delays, rebooking, and high-pressure situations with professionalism.
- Coordinated logistics and delivered clear communication across multiple teams.
- Ensured customer satisfaction and service quality in a fast-paced environment.

TANZANIA METEOROLOGICAL AGENCY – DAR ES SALAAM, TANZANIA | DEC 2011 TO MAY 2018

Head, Public Weather Service Office

- Led public weather services, community communication, and media engagement.
- Delivered televised weather presentations and public advisories.
- Coordinated national projects and supported community outreach.
- Managed planning, reporting, and stakeholder communication.
- Served as a public relations liaison when engaging with communities and media stakeholders.
- Coordinated international projects with WMO/UN partners.
- Managed meetings, budgets, reports, and stakeholder communication.
- Prepared speeches, press releases, and research documents.
- Supported community-focused environmental and climate programs.
- Provided administrative support and acted in senior coordination roles.
